**Build through the night. Code on the road.
Pitch in Munnar.**

India's first aanavandi hackathon, and a hackathon in motion. Sixteen student teams build overnight on the Jain Kochi campus, board a KSRTC bus with the judges at dawn, and pitch their solutions at four and a half thousand feet.

Registration closes 18 September

01 / The experience

A hackathon in motion.

Aanavandi is Kerala's familiar name for the KSRTC bus: dependable, unhurried and part of childhood. This September, one of those buses becomes a hackathon. JAIN School of Future presents India's first aanavandi hackathon.

- 16 teams, two members each
- 20h coding window
- 3 written feedback rounds before one scored pitch
- 2h final pitch block in Munnar

judges. The Chief Guest flags them off at 07:00, code is reviewed on the road and the winner is announced that afternoon in Munnar.

The journey is **part of the event.**

23 September

Kochi campus

- 16:00 Registration, kit and inauguration
- 17:00 Brief; sealed problems revealed
- 18:00 Coding begins
- 22:30 Round 1: logic, architecture, direction
- 01:00 Quiet room opens for rest

24 September

On the road

- 06:30 Round 2: progress and core features
- 07:30 Flag off by the Chief Guest
- 07:45 Coding resumes in the aanavandi
- 12:15 Munnar arrival
- 13:30 Code freeze; pitches until 15:30
- 15:30 Winner announced on the spot
- 21:15 Return to the Kochi campus

02 / Build & compete

Three tracks. Eight problems.

Technology for Kerala's public services. Each problem comes with a dataset in the kit, and two teams take each problem so the judges have two answers to compare.

TRACK 01

Public Transport

Kerala's road conditions, passenger access and information, and routing complaints to the depot that can act on them.

TRACK 02

Water and Coast

Drinking water safety, including bacterial contamination; river pollution from source to sea; and backwater health.

TRACK 03

Public Welfare

Welfare entitlement, sanitation and access to basic services for the communities that need them most.

03 / How you are judged

Three feedback rounds. One scored pitch.

At 22:30, 06:30 and on the coach, judges give written change requests. Your response to that feedback carries marks.

Idea

50 marks

Problem understanding	15
Originality	10
Impact	10
Feasibility and adoption	10

Technical

50 marks

Working prototype	20
Use of dataset	10
Architecture and code quality	10
Response to feedback	10

Rounds 1–3 provide written feedback; the final pitch is scored. Ties are broken by working prototype, then problem understanding. Four judges: two external and two internal.

04 / Prize pool

Build it. Pitch it. Win it.

2ND PRIZE

₹30,000

Cash prize

1ST PRIZE

₹50,000

Cash prize

3RD PRIZE

₹20,000

Cash prize

05 / Participation

Ready to board?

Free entry. Travel, meals and the hackathon kit are provided.

Who can enter

Undergraduate and postgraduate students of any discipline. Teams of exactly two: sixteen teams in all, eight from Jain and eight from invited institutions. You do not need to be a computer science student.

Students from any discipline can participate

What to bring

Ground rules

- 1 Teams of two**
No substitutions once coding begins at 18:00 on 23 September.
- 2 Nothing may be pre-built**
Every line you show must be written after the clock starts. Reusing an earlier project means disqualification.
- 3 Open tools permitted**

documentation before boarding. Internet on the coach

is unreliable. Bring a change of clothes, your medication and a signed parental consent form.

On the journey

Roll call at every halt. Tell a marshal immediately if unwell. Rest is permitted; screens remain closed on the ghat section in both directions.

4

Code freeze at 13:30

24 September, at Munnar. All three evaluation rounds are compulsory.

5

Submission

Share your repository with the Technical Coordinator at the start. Include a README and a working demo. No commits after the freeze are judged.

06 / Registration

Your next stop: ANAVANDI.

Be part of India's first aanavandi hackathon. Each participant registers individually. Agree your team name
